A TEN-DENT HOMICIDE.

A Drink of Whisky, Valued at Ten Cents, Causes Frank Zimmerman, a Grocery-Meeper, to Stab and Kill with a Batcher-Knife a Negro Named Henry Walker.

At half-past eight o'clock last evening, a well-known colored man, named Henry Walker, was stabbed and killed by Frank Zimmerman, at the grocery store of the latter, No. 73 Madison street, near the corner of Third. When our reporter arrived at the scene of the killing, the dead man lay on his back on the stole floor, near the front door. The floor was deluged in blood around him. Police-Officers Scott and Brennan had charge of the store, and but few were admitted to the place until the magistrate who was to hold the inquest had arrived. Esquire Spellman arrived at ten o'clock, and a jury of inquest was at once summoned. The deceased was nearly white, and wore very plain clothing. He was known as a style and elegance cannot be surpassed in quiet and peaceable old negro, who formerly belonged to the family of Judge Sam P. Walker of our city. His wife is working for Dr. Brown, on Madison street.

THE INQUEST. The testimony introduced before the jury was as follows: was as follows:
Gus Davis, colored: Was present at the time of the killing; the dead man owed Zimmerman a dime; wanted another drink; Walker said: "Hold on, I will pay it," ran his hand in his pocket; Zimmerman said: "G-d d-n you, pay it now;" Zimmerman struck him, and a young man, a clerk in the store, named Conrad Lehman, caught and held him against the counter; as he did so Zimmerman seized a knife and stabbed Walker in the back; Walker got loose and fell, and as he did so Zimmerman said: "G—d d—n you, I have a mind to cut your throat;" Walker made no

Officer Brennan. The wound was examined by the jury. It was immediately under the left shoulder-blade, the wound being the width of the curved butcher-knie, which was a weapon usually used by butchers and others in cutting meat. It was very sharp, and was covered with blood from point to

Our reporter interviewed Frank Zimmerman at the stationhouse after he was arrested by Police Officer Chastaine, colored. Zim-merman stated that Henry Walker and be got into a fight about ten cents for a drink, CAPTAIN JACK RICKABY, the well-known fight Walker refused to pay. During the fight Walker shoved him back on the meatblock, and he (Zimmerman) seized a butcherday, and is putting up at Gaston's. Captain | knife nearby and, reaching over, stabbed him in the back. He did not intend to kill Walker, but only to frighten him; but when Walker was stabbed, he (Walker) said, "What have you done to me?" and immediately fell and was dead in a few seconds. Zimmerman said he felt very sorry, and had no idea of killing Walker, who was a friend of his and had been frequenting his house.

Dr. Nuttall examined the wound and explained its nature. The knife-blade had entered Walker's heart and produced death.

THE VERDICT. State of Tennessee, Shelby county: An inquisition holden at Memphis, county and State aforesaid, on the seventh day of May, 1879, before John Spellman, a justice of the peace in and for said county, upon the ody of Henry Walker, then lying dead by the jury, whose names are hereunto subscribed, who, upon their oaths, say that the immerman.

In testimony whereof, the said jury set their hands the day and date above written. R. C. Malone, foreman; E. L. Rawlings, P. Esquire Spellman as accessory to the murder. He is aged about sixteen years, and speaks but little English. His part in the affair was to keep Zimmerman and Walker apart, and he had no hand in the sudden stabbing and killing which followed. The store is owned by A. R. Zimmerman and wife, and at the time of the homicide they were in attendance at the Maifest at Estival park. Frank Zim-merman, who killed Walker, is the brother of A. R. Zimmerman. He is a young man, aged about twenty-six years. Last night both he and Lehman were confined at the stationrouse, but will no doubt be sent to the county jail this morning by Esquire Spellman. The killing was done in the sudden heat of passion and the grade of offense is no doubt voluntary manslaughter, so far as Zimmerman

is concerned.

When the coroner's inquest closed, the friends of the dead man, Henry Walker, placed the body on a board and carried it out into the street, to the residence of Walker's widow on Madison street. Hundreds of colored people who remained outside during the inquest surrounded the body and escorted it to the residence above-men tioned. Walker was a harmless old darky, much respected by both colored and white people, and his sudden taking off in so bloody a manner was regretted by all his friends. He was in the habit of drinking a little, but even then he was harmless.

The Beecher Lecture. Says the Chicago Inter-Ocean, of recent date: "The friends of Rev. Henry Ward Beecher need no further evidence that his name and fame are dear to the people of Chicago than the demonstration of Sunday morning and of last evening. The records of the press show that the outpouring of the people at Mr. Moody's church was unprecedented in the history of church attendance in Chicago. Last evening M'Cormick hall was packed. This does not mean that the ordinary seating capacity only was filled, but every inch of space, on the platform and in the aisles, which would hold a chair, was stilized. The audience was one of the bestlooking, intellectually. Some of the most cultured and refined people-ladies and gentlemen-of the city were present, who gave ample evidence of their complete enjoyment of Mr. Beecher's lecture by frequent and hearty outburts of applause. This was the last lecture of the Star course, to the managers of which the people owe a debt of grati-tude for the opportunities afforded during the course of hearing some of the best men in the country." This wonderful orator is to be in Memphis on Tuesday next. Judging from the demand for seats yesterday morn-ing there is no doubt but that Mr. Beecher will speak to the largest audience ever seen in the south. To the thousands coming from a distance we say, "come on," there is room for all. Mr. Beecher says he cannot go south of Memphis on his present tour. He speaks in Nashville Monday evening; here, Tues-day. The whole police force will be required to keep people back from the depot on his arrival. Special orders have been given by the superintendent of the I and GENUINE, from twenty-five to thirty-five | Louisville railroad to make connection at all dollars. uticura

Infallibly Cure all Skin and Scalp Dis eases, Scaly Eruptions, Itchings, The testimonials of permanent cures of Skin and Scalp Diseases which have been the torture of a lifetime, by the Culicura Remedies, are more wonderful than any ever before performed by any methods or remedies known to the medical profession.

Cuticura Resolvent, a powerful Blood Purifier, is the only purifying agent which finds its way into the circulating field and thence through the oil and sweat glands to the surface of the skin, thus destroying the poisonous elements with which these vessels have been daily charged.

Cuticura, The Great Skin Cure applied externally, arrests all unpatural or morbid growths which cover the surface of the diseased glands and tubes with Scaly, liching and Irritating Humors, speedily it removes them, leaving the pores open, healthy and free from diseased particles of matter.

Thus internally and externally do these great remedies act in conjunction, performing cures that have astonished the most noted physicians of the day. and Irritations.

SALT RHEUM FOR 30 YEARS On the Head, Face, and Greater MESSES. WERES & POTTER—Gentlemen: I have been a great sufferer with Salt Rheum for thirty rears, commencing in my head and face and extending over the greater part of my body. I have taken gallons of medicines for the blood of different kinds and tried good physicians, all of which did me no good, and I came to the conclusion that I could not be cured. But a friend called my attention to an article in the Union on skin diseases, and I got a box of Outleurn. The first application was a great relief, and the third took the scales all off, and I felt like a new man. I have used three 50 cent boxes, and my skin is smooth and I consider myself Part of the Body, Cured.

I feit like a new man. I have used three 50 cen boxes, and my skin is smooth and I consider mysel entirely cured. Hoping that this may be seen by some one afflicted as I have been (if there is any) in my earnest wish. And I cheerfully recommend it tall persons afflicted with like diseases.

Yours truly,

Agawam, Mass., Sept. 9, 1878.

The Cuticura Soan should be used for cleansing all diseased surfaces, as most soaps are injurious to the skin.

LEPROSY. A Modern Miracle-Astonishing Results from the Use of Cutieura. MESSES. WEERS & POTTER-Gentlemen: We have a case of leprosy in our poorbouse which is being cured by your Cuticura remedies. The county had employed all of our doctors and had sent to New York for advice, but to no avail.

The patient commenced using the Cuticura and immediately began getting better. immediately began getting better.

He had been confined to his bed for two and one-half years. Had not had his clothes on during this time! Last week he dressed for the first time.

When he walked, there would at least one quart of scales come off of him.

This happened every day.

We think it is a wonderful cure.

We do not say he is cured, but he is in a fair way to be cured to say the least. Yours truly.
